There are peoples names and exercises that I don't remember – **can you help to fill in the gaps?**
Please feel free to send me alternative captions, more accurate information etc.
I was not the only person taking photo's on the two days.
What do you want to do with these photo's?
Marjory Booth has written a personal reflection about the circuit weekend for the website.
And we have some audio reflective sharing from the weekend.
Thank you Anita
